## All Providers

### Children's HCBS: Addressing Provider Capacity

### Children's HCBS: Addressing Provider Capacity

Good afternoon, providers, and Stakeholders,

Thank you to all who attended the Children's HCBS Waiver: Addressing Provider Capacity webinar hosted by the NYS DOH on August 2, 2022. The webinar slides are attached and have also been posted on the [1915\(c\) Children's Waiver](#) website on the [Building Provider Capacity](#) page. Once available, the recording of this webinar will be posted in the same location.

Please share the [slides](#) with relevant staff members who may have missed the webinar. NYS DOH welcomes any feedback regarding the suite of services or comments on how to build provider capacity for Home and Community Based Services (HCBS). We will be forming a stakeholder workgroup for Palliative Care Services in mid- to late September to address current barriers to building provider capacity.

If your organization is interested in learning more about the workgroup, or have any questions or comments, please contact [bh.transition@health.ny.gov](mailto:bh.transition@health.ny.gov).
