### June Provider Training Schedule Available

Training seminars on a variety of Medicaid billing topics are being held at numerous locations. Seminars are a valuable opportunity to meet with Regional Representatives in your area. CSC also offers webinars, a convenient training alternative that allows providers to attend training using their own computers and telephone.

Registrations are currently being accepted on the following topics for June:

- **New Biller/New Provider**
- **ePACES for Professional, Institutional, Physicians, Private Duty Nursing and Transportation**
- **MEVS**

CSC has also planned a number of webinars throughout the upcoming months to guide providers through the new ETIN Recertification requirement that all billing providers must sign up for Electronic Funds Transfer (EFT) and either electronic remittance advice (ERA) or PDF remittance delivery. Providers who have their ETINs decertified will have all claims rejected and will not be able to use ePACES. Providers who have not complied with the new requirement are urged to attend one of the special webinars and to meet the requirements now so payments will not be jeopardized.

Click [here](#) to view the training schedule and register today.

Questions can be directed to the eMedNY Call Center at 800-343-9000.
