1.0 INTRODUCTION TO THE NEW YORK STATE MEDICAID ELIGIBILITY VERIFICATION AND DISPENSING VALIDATION SYSTEM (Rev. 01/19)

A component of the eMedNY system operated by New York State serves as a Medicaid Eligibility Verification and Dispensing Validation System (DVS). This enables providers to verify member eligibility prior to provision of services and obtain authorization for specific services covered under DVS. A member must present an official Common Benefit Identification Card (CBIC) to the provider when requesting services. The issuance of an Identification Card does not constitute full authorization for provision of medical services and supplies. The member's eligibility must be verified through eMedNY to confirm the member's eligibility for services and supplies. A provider not verifying eligibility prior to provision of services will risk the possibility of nonpayment for those services.

The verification process through eMedNY can be accessed using one of the following methods:

- Telephone verification process (Audio Response Unit or ARU).
- Other access methods: ePACES, CPU-CPU link, eMedNY eXchange, dial-up FTP, and File Transfer Service using SOAP.

Eligibility information available through eMedNY will provide:

- Eligibility status for a Medicaid member for a specific date (today or prior to today).
- Medicare, third party insurance or Managed Care plan contact information a member has on file for the date of service.
- Restrictions to primary providers and/or exception codes which further clarify a member's eligibility.
- Co-pay remaining.
- The county having financial responsibility for the member (used to determine the contact office for prior approval and prior authorization).
- Standard Medicaid Co-pay amounts.
- Explicit service types.
- Excess resource and NAMI amounts.

The DVS system can be accessed using one of the following methods:

- ePACES
- CPU-CPU link

DVS requests through eMedNY will provide:

- Dispensing Validation Numbers (DVS) for certain Drugs, Durable Medical Equipment, Dental Services, Physical, Occupational and Speech Therapy.
- The ability to cancel a previously obtained DVS Authorization.

This manual contains different sections discussing the Common Benefit Identification Card (CBIC), procedures for verification, a description of eligibility responses, definitions of codes, and descriptions of alternate access methods.

1.1 Other Access Methods to eMedNY (Rev. 11/12)

Alternative methods of access allow providers to use their own equipment to access eMedNY. The following is a brief description of these alternate access methods.

- **ePACES**

ePACES is a web based application that allows providers to request and receive HIPAA-compliant Claim, Prior Approval, Eligibility, Claim Inquiry, and Dispensing Validation System (DVS) transactions.

Note: ePACES responses are similar to POS responses and may use this manual as an additional reference. See Sections 4.1 and 4.2.

Refer to ePACES:

http://www.emedny.org/selfhelp/ePACES/ePACES_Help.pdf

- **CPU-CPU LINK**

This method is for providers who want to link their computer system to eMedNY via a dedicated communication line. CPU-CPU link is suggested for trading partners with high volume (5,000 to 10,000 transactions per day).

- **eMedNY eXchange**

This method allows users to transfer files from their computer via a web-based interface. Users are assigned an inbox and are able to send and receive transaction files in an email-like fashion. Transaction files are uploaded to eMedNY for processing. Responses are delivered to the user's inbox, and can be downloaded to the user's computer.

Refer to eXchange:

<http://www.emedny.org/selfhelp/exchange/faq.html#enroll>

- **Dial-up FTP**

FTP allows users to upload and download files between their computer and eMedNY. Each file sent to eMedNY must be completed within two hours. Any transmission exceeding two hours will be disconnected.

Refer to dial-up FTP instructions:

http://www.emedny.org/ProviderManuals/AllProviders/MEVS/MEVS_Batch_Auth/FTP%20Batch%20Instructions%20Manual.pdf

- **eMedNY File Transfer Service using Simple Object Access Protocol (SOAP)**

eMedNY provides support for File Transfer Service using Simple Object Access Protocol (SOAP). File Transfer Service is available for batch file transfer.

For additional information contact the eMedNY Call center at 1-800-343-9000.

For further information about alternate access methods and the approval process, please call 1-800-343-9000 or refer to the Trading Partner Information Companion Guide:

https://www.emedny.org/HIPAA/5010/transactions/eMedNY_Trading_Partner_Information_CG.pdf

2.0 COMMON BENEFIT IDENTIFICATION CARDS (CBIC)/FORMS (Rev. 05/11)

There are three types of Common Benefit Identification Cards:

- CBIC permanent plastic photo card.
- CBIC permanent plastic non-photo card.
- Replacement paper card.

Presentation of a Benefit Identification Card alone is not sufficient proof that a member is eligible for services. Each of the Benefit Identification Cards must be used in conjunction with the electronic verification process. The risk of not verifying member eligibility each time services are requested creates the possibility of nonpayment for services provided.

2.1 Permanent Common Benefit Identification Photo Card (Rev. 01/19)

The Permanent Common Benefit Identification Photo Card is a permanent plastic card issued to members by the Local Department of Social Services. This permanent card has no expiration date. Eligibility must be verified using the eMedNY system.

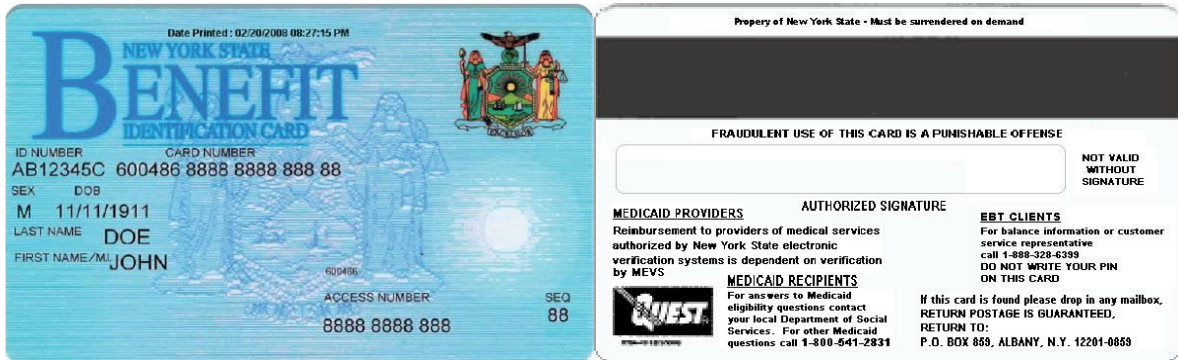

COMMON BENEFIT IDENTIFICATION PHOTO CARD DESCRIPTION	
ID Number	Eight character identifier assigned by the State of New York which identifies each individual Medicaid member. <i>This is the Member Identification Number to be used for billing purposes. Member ID # must be two alphas, five numeric and one alpha.</i>
Card Number	The card number consists of the ISO, Access and Sequence Numbers. Please see the appropriate sections below for discussion on each of these components.
Sex	One letter character indicating the sex of the member. M = Male F = Female U = Unborn (Infant)
DOB (Date of Birth)	Member's date of birth, presented in MM/DD/CCYY format. Example: August 15, 1980 is shown as 08/15/1980. Unborns (Infants) are identified by 0000000000.
Last Name	Last name of the member who will use this card for services.
First Name/ M.I.	First name and middle initial of the person named above.
Signature Here	Digitized Signature of cardholder, parent or guardian, if applicable.
ISO#	Six-digit number assigned to the New York State Department of Health (DOH).

COMMON BENEFIT IDENTIFICATION PHOTO CARD DESCRIPTION	
Access Number	Eleven-digit number used to identify the member.
Sequence Number	Two-digits defining the uniqueness of the card.
Photo	Photograph of the individual cardholder.
Magnetic Stripe	Stripe with encoded information.
Authorized Signature (back of card)	Must be signed by the individual cardholder, parent or guardian to be valid for services.
Date Printed	Located at top of the Benefit Card. <i>When multiple cards are present always use the card with the most recent date/time stamp.</i>

2.2 Permanent Common Benefit Identification Non-Photo Card (Rev. 05/11)

The Common Benefit Identification Non-Photo Card is a permanent plastic card issued to members as determined by the Local Department of Social Services. This permanent card has no expiration date. Eligibility must be verified using the eMedNY system.

For card field descriptions see section 2.1

2.3 Replacement Common Benefit Identification Card (Rev. 01/19)

The Replacement Common Benefit Identification Card is a temporary paper card issued by the Local Department of Social Services to a member. This card will be issued when the Permanent Common Benefit Identification Card is lost, stolen or damaged.

For card field descriptions see section 2.1

Note: Temporary cards have an expiration date located in the lower right hand corner.

2.4 Temporary Medicaid Authorization Form (Rev. 05/11)

In some circumstances, the member may present a Temporary Medicaid Authorization (TMA) Form DSS-2831A (not pictured). This authorization is issued by the Local Department of Social Services (LDSS) when the member has an immediate medical need and a permanent plastic card has not been received by the member. The Temporary Medicaid Authorization Form is a guarantee of eligibility and is valid for 15 days.

Providers should always make a copy of the TMA form for their records. Since an eligibility record is not sent to the eMedNY contractor until the CBIC Card is generated, the eMedNY system will not have eligibility data for a member in TMA status. Note that any claim submitted for payment may pend waiting for the eligibility to be updated. If the final adjudication of the claim results in a denial for member eligibility, please contact the New York State Department of Health, Office of Health Insurance Programs, Local District Support. The phone number for inquiries on TMA issues for members residing Upstate is (518) 474-8887. For New York City member TMA issues, the number is (212) 417-4500.

3.0 INTRODUCTION TO TELEPHONE (AUDIO RESPONSE UNIT) VERIFICATION (Rev. 01/16)

Verification requests for member eligibility may be entered into eMedNY through a touch-tone telephone. This access method is suggested for providers with very low transaction volume (less than 50 transactions per month). Providers with higher volumes should consider one of the other methods outlined in Section 1.1 - Alternate Access Methods To eMedNY.

Access to the Telephone Verification System (Rev. 05/11)

To access the system, dial **1-800-997-1111**. This is a toll free number for both New York State and Out of State Providers.

To be transferred directly to an eMedNY Call Center Representative, press “0” at any time during the first four prompts.

The following message will be heard:

“The ARU Zero Out Option” before being connected to the eMedNY Helpdesk.

If the connection is unsuccessful, call the eMedNY Call Center at **1-800-343-9000**.

3.1 Telephone Verification Using the Access Number or Medicaid Number (Rev. 05/11)

The access number is a thirteen-digit numeric identifier on the Common Benefit Identification Card. The easiest and fastest verification method is by using the access number.

The Medicaid number is an eight-character alphanumeric identifier on the Common Benefit Identification Card. The Medicaid number can also be used to verify a member's eligibility. Convert the eight-digit identifier to an eleven-digit number by converting the alpha characters to numbers using the [chart](#) below.

For example:

AD12345Z = Eight-digit Medicaid number
21311234512 = Converted eleven-digit number

For this example, the chart indicates that the letter A = 21, D = 31 and Z = 12. Replace the letters A, D and Z with the numbers 21, 31 and 12 respectively. The converted number is **21311234512**

ALPHA CONVERSION CHART

A = 21	N = 62
B = 22	O = 63
C = 23	P = 71
D = 31	Q = 11
E = 32	R = 72
F = 33	S = 73
G = 41	T = 81
H = 42	U = 82
I = 43	V = 83
J = 51	W = 91
K = 52	X = 92
L = 53	Y = 93
M = 61	Z = 12

Note: Perform the required conversion before dialing eMedNY.

3.2 Telephone Verification Input Section (Rev. 06/13)

3.2.1 INSTRUCTIONS FOR COMPLETING A TELEPHONE TRANSACTION

- If using a Medicaid number, be sure to convert the number before dialing. Refer to the [chart](#) on the previous page.
- Dial 1-800-997-1111.
- When a connection is made, an Audio Response Unit (ARU) will prompt for the input data that needs to be entered.
- To repeat a prompt, press * (asterisk).
- To bypass a prompt, press #, (the pound key).
- To clear a mistake, press the * key and re-enter the correct information. This step is only valid if done prior to pressing the # key which registers the entry.
- To make entries without waiting for the prompts, continue to enter the data in the proper sequence. As in all transactions (prompted or unprompted), press the # key after each entry.
- For assistance or further information on input or response messages, call the Call Center staff at 1-800-343-9000.
- For some prompts, if the entry is invalid, the ARU will repeat the prompt. This allows for correction of the entry without re-keying the entire transaction.
- The call is terminated if excessive errors are made.
- To be transferred to an eMedNY Call Center Representative, press "0" on the telephone keypad at any time during the first four prompts.

The following types of transactions cannot be processed via the telephone:

- Cancel Transactions
- Dispensing Validation System Transactions

Detailed instructions for entering a transaction are in the following table. The Voice Prompt column lists the instructions voiced. The Action/Input column describes the data to be entered.

VOICE PROMPT	ACTION/INPUT
