***For eMedNY Billing Guideline questions, please contact the eMedNY Call Center** 1-800-343-9000.*

1. Purpose Statement

The purpose of this document is to assist the provider community in understanding and complying with the New York State Medicaid (NYS Medicaid) requirements and expectations for:

- Billing and submitting claims.
- Interpreting and using the information returned in the Medicaid Remittance Advice.

This document is customized for Day Treatment providers and should be used by the provider as an instructional, as well as a reference tool. For providers new to NYS Medicaid, it is required to read the All Providers General Billing Guideline Information available at www.emedny.org by clicking on the link to the webpage as follows: Information for All Providers.

2. Claims Submission

Day Treatment providers can submit their claims to NYS Medicaid in electronic or paper formats.

Providers are required to submit an Electronic/Paper Transmitter Identification Number (ETIN) Application and Certification Statement before submitting claims to NYS Medicaid. Certification Statements remain in effect and apply to all claims until superseded by another properly executed Certification Statement.

Providers will be asked to update their Certification Statement on an annual basis. Providers will be provided with renewal information when their Certification Statement is near expiration. Information about these requirements is available at www.emedny.org by clicking on the link to the webpage as follows: Information for All Providers.

2.1 Electronic Claims

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA), Public Law 104-191, which was signed into law August 12, 1996, the NYS Medicaid Program adopted the HIPAA-compliant transactions as the sole acceptable format for electronic claim submission, effective November 2003.

Day Treatment providers who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Institutional (837I) transaction. Direct billers should also refer to the sources listed below to comply with the NYS Medicaid requirements.

- HIPAA 837I Implementation Guide (IG) explains the proper use of the 837I standards and program specifications. This document is available at www.wpc-edi.com/hipaa.
- NYS Medicaid 837I Companion Guide (CG) is a subset of the IG, which provides instructions for the specific requirements of NYS Medicaid for the 837I. This document is available at www.emedny.org by clicking on the link to the web page as follows: Companion Guides and Sample Files.
- NYS Medicaid Technical Supplementary Companion Guide provides technical information needed to successfully transmit and receive electronic data. Some of the topics put forth in this CG are testing requirements, error report information, and communication specifications. This document is available at www.emedny.org by clicking on the link to the web page as follows: Companion Guides and Sample Files.

Further information about electronic claim pre-requirements is available at www.emedny.org by clicking on the link to the webpage as follows: Information for All Providers.

2.2 Paper Claims

Day Treatment providers who choose to submit their claims on paper forms must use the Centers for Medicare and Medicaid Services (CMS) standard UB-04 claim form.

To view a sample Day Treatment UB-04 claim form, see Appendix A. The displayed claim form is a sample and the information it contains is for illustration purposes only.

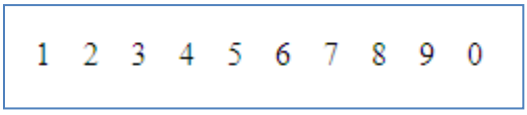
An Electronic Transmission Identification Number (ETIN) and a Certification Statement are required to submit paper claims. Providers who have a valid ETIN for the submission of electronic claims do not need an additional ETIN for paper submissions. The ETIN and the associated certification qualify the provider to submit claims in both electronic and paper formats. Information about these requirements is available at www.emedny.org by clicking on the link to the webpage as follows: Information for All Providers.

2.2.1 General Instructions for Completing Paper Claims

Since the information entered on the claim form is captured via an automated data collection process (imaging), it is imperative that it be legible and placed appropriately in the required fields. The following guidelines will help ensure the accuracy of the imaging output:

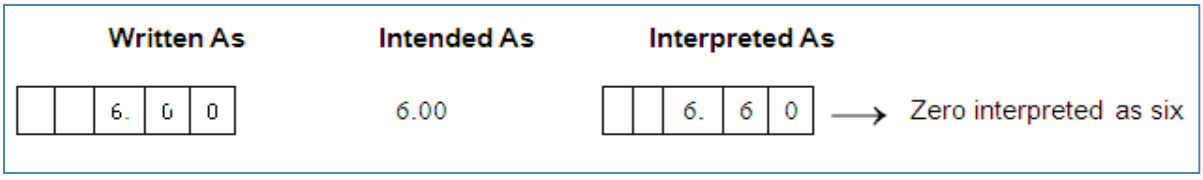
- All information should be typed or printed.
- Alpha characters (letters) should be capitalized.
- Numbers should be written as close to the example below in Exhibit 2.2.1-1 as possible:

Exhibit 2.2.1-1



- Circles (the letter O, the number 0) must be closed.
- Avoid unfinished characters. See the example in Exhibit 2.2.1-2.

Exhibit 2.2.1-2



- When typing or printing, stay within the box provided; ensure that no characters (letters or numbers) touch the claim form lines. See the example in Exhibit 2.2.1-3.

Exhibit 2.2.1-3

Written As	Intended As	Interpreted As
2	2	7 → Two interpreted as seven
3	3	2 → Three interpreted as two

- Characters should not touch each other as seen in Exhibit 2.2.1-4.

Exhibit 2.2.1-4

Written As	Intended As	Interpreted As
23	23	illegible → Entry cannot be interpreted properly

- Do not write between lines.
- Do not use arrows or quotation marks to duplicate information.
- Do not use the dollar sign ($) to indicate dollar amounts; do not use commas to separate thousands. For example, three thousand should be entered as 3000, not as 3,000.
- For writing, it is best to use a felt tip pen with a fine point. Avoid ballpoint pens that skip; do not use pencils, highlighters, or markers. Only blue or black ink is acceptable.
- If filling in information through a computer, ensure that all information is aligned properly, and that the printer ink is dark enough to provide clear legibility.
- Do not submit claim forms with corrections, such as information written over correction fluid or crossed out information. If mistakes are made, a new form should be used.
- Separate forms using perforations; do not cut the edges.
- Do not fold the claim forms.
- Do not use adhesive labels (for example for address); do not place stickers on the form.
- Do not write or use staples on the bar-code area.

The address for submitting claim forms is:

COMPUTER SCIENCES CORPORATION
P.O. Box 4601
Rensselaer, NY 12144-4601

2.3 UB-04 Claim Form

To view a sample Day Treatment UB-04 claim form, see Appendix A. The displayed claim form is a sample and the information it contains is for illustration purposes only.

The UB-04 CMS-1450 is a CMS standard form; therefore CSC does not supply it. The form can be obtained from any of the national suppliers.

The UB-04 Manual (National Uniform Billing Data Element Specifications as Developed by the National Uniform Billing Committee – Current Revision) should be used in conjunction with this Provider Billing Guideline as a reference guide for the preparation of claims to be submitted to NYS Medicaid. The UB-04 manual is available at www.nubc.org.

Form Locators in this manual for which no instruction has been provided have no Medicaid application. These Form Locators are ignored when the claim is processed.

2.4 Day Treatment Services Billing Instructions

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Day Treatment providers. Although the instructions that follow are based on the UB-04 paper claim form, they are also intended as a guideline for electronic billers to find out what information they need to provide in their claims, in addition to the HIPAA Companion Guides which are available at www.emedny.org by clicking on the link to the webpage as follows: eMedNY Companion Guides and Sample Files.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pended, or denied.

2.4.1 Instructions for the Submission of Medicare Crossover Claims

This subsection is intended to familiarize the provider with the submission of crossover claims. Providers can bill claims for Medicare/Medicaid patients to Medicare. Medicare will then reimburse its portion to the provider and the provider's Medicare remittance will indicate that the claim will be crossed over to Medicaid.

Claims for services not covered by Medicare should continue to be submitted directly to Medicaid as policy allows. Also, ***Medicare Part-C*** (Medicare Managed Care) and ***Medicare Part-D*** claims are ***not*** part of this process.

Providers are urged to review their Medicare remittances for crossovers beginning December 1, 2009, to determine whether their claims have been crossed over to Medicaid for processing. Any claim that was indicated by Medicare as a crossover should not be submitted to Medicaid as a separate claim. If the Medicare remittance does not indicate the claim has been crossed over to Medicaid, the provider should submit the claim directly to Medicaid.

- Claims that are denied by Medicare will not be crossed over.
- Medicaid will deny claims that are crossed over without a Patient Responsibility.

If a separate claim is submitted directly by the provider to Medicaid for a dual eligible recipient and the claim is paid before the Medicare crossover claim, both claims will be paid. The eMedNY system automatically voids the provider submitted claim in this scenario. Providers may submit adjustments to Medicaid for their crossover claims, because they are processed as a regular adjustment.

Electronic remittances from Medicaid for crossover claims will be sent to the default ETIN when the default is set to electronic. If there is no default ETIN, the crossover claims will be reported on a paper remittance. The ETIN application is available at www.emedny.org by clicking on the link to the webpage as follows: Provider Enrollment Forms.

NOTE: For crossover claims, the Locator Code will default to 003 if zip+4 does not match information in the provider's Medicaid file.

2.4.2 UB-04 Claim Form Field Instructions

Provider Name, Address, and Telephone Number (Form Locator 1)

Enter the billing provider's name and address, using the following rules for submitting the ZIP code:

If an account/patient control number is indicated on the claim form, the first 20 characters will be returned on the paper Remittance Advice. Using an account/patient control number can be helpful for locating accounts when there is a question on patient identification.

Type of Bill (Form Locator 4)

Completion of this field is required for all provider types. All entries in this field must contain three digits. Each digit identifies a different category as follows:

- 1st Digit – Type of Facility
- 2nd Digit – Bill Classification
- 3rd Digit – Frequency

Type of Facility

Using the UB-04 Manual, Form Locator 4, Type of Facility category, select the code that best describes the facility type.

Bill Classification

Frequency - Adjustment/Void Code

New York State Medicaid uses the third position of this field ***only*** to identify whether the claim is an original, a replacement (adjustment) or a void.

If submitting an original claim, enter the value ***0*** in the third position of this field as in Exhibit 2.4.2-1.

Exhibit 2.4.2-1

If submitting an adjustment (replacement) to a previously paid claim, enter the value ***7*** in the third position of this field as in Exhibit 2.4.2-2.

This field is used to indicate the specific condition or status of the patient as of the last date of service indicated in Form Locator 6. Select the appropriate code (***except for 43 and 65***) from the UB-04 Manual.

Condition Codes (Form Locators18–28)

Leave all fields blank.

Occurrence Code/Date (Form Locators 31–34)

Leave all fields blank.

Value Codes (Form Locators 39-41)

NYS Medicaid uses Value Codes to report the following information:

- Locator Code (required: see notes for conditions)
- Rate Code (required)
- Patient Participation (only if applicable)
- Other Insurance Payment (only if applicable)
- Medicaid Covered Days (only if applicable)

Value Codes have two components: Code and Amount. The ***Code*** component is used to indicate the type of information reported. The ***Amount*** component is used to enter the information itself. Both components are required for each entry.

Locator Code - Value Code 61

For electronic claims, leave this field blank. The Locator Code will be defaulted to 003 if the nine digit ZIP Code submitted on the claim does not match what is on file.

For paper claims, enter the locator code assigned by NYS Medicaid.

Locator codes are assigned to the provider for each service address registered at the time of enrollment in the Medicaid program or at anytime, afterwards, that a new location is added.

Value Code

Code ***61*** should be used to indicate that a Locator Code is entered under Amount.

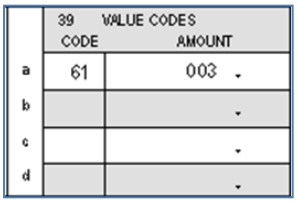
Value Amount

Entry must be three digits and must be placed to the left of the dollars/cents delimiter.

Locator codes 001 and 002 are for administrative use only and are not to be entered in this field. The entry may be 003 or a higher locator code. Enter the locator code that corresponds to the address where the service was performed.

The example in Exhibit 2.4.2-5 illustrates a correct Locator Code entry.

Exhibit 2.4.2-5



NOTE: The provider is reminded of the obligation to notify Medicaid of all service locations as well as changes to any of them. For information on where to direct locator code updates, please refer to Information for All Providers, Inquiry section located at www.emedny.org by clicking on the link to the webpage as follows: Day Treatment Manual.

Rate Code - Value Code 24

Rates are established by the Department of Health and other State agencies. At the time of enrollment in Medicaid, providers receive notification of the rate codes and rate amounts assigned to their category of service. Any time that rate codes or amounts change, providers also receive notification from the Department of Health.

Value Code

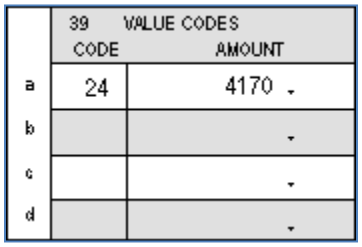
Code ***24*** should be used to indicate that a rate code is entered under Amount.

Value Amount

Enter the rate code that applies to the service rendered. The four-digit rate code must be entered to the left of the dollars/cents delimiter.

The example in Exhibit 2.4.2-6 illustrates a correct rate code entry.

Exhibit 2.4.2-6



Patient Participation (Spend Down) - Value Code 23

Some patients of Day Treatment services do not become eligible for Medicaid until they pay an overage or monthly amount (spend down) toward the cost of their medical care.

Value Code

Code ***23*** should be used to indicate that the patient's spend-down participation is entered under Amount.

Value Amount

Enter the monthly patient's participation. The total amount of Patient Participation may be reported with a sufficient number of units of Day Treatment services to allow for a positive balance to be paid on the claim or the Patient Participation may be prorated over the number of units of service claimed.

The example in Exhibit 2.4.2-7 illustrates a correct Patient Participation entry.

Other Insurance Payment – Value Code A3 or B3

If the patient has insurance other than Medicare, it is the responsibility of the provider to determine whether the service being billed for is covered by the patient's Other Insurance carrier. If the service is covered or if the provider does not know if the service is covered, the provider must first submit a claim to the Other Insurance carrier, as ***Medicaid is always the payer of last resort.***

Value Code

If applicable, code ***A3 or B3*** should be used to indicate that the amount paid by an insurance carrier other than Medicare is entered under Amount. The line (A or B) assigned to the Insurance Carrier in Form Locator 50 determines the choice of codes ***A***3 or ***B***3.

Value Amount

Enter the actual amount paid by the other insurance carrier. If the other insurance carrier denied payment enter 0.00. Proof of denial of payment must be maintained in the patient's billing record. Zeroes must also be entered in this field if any of the following situations apply:

- Prior to billing the insurance company, the provider knows that the service will not be covered because:
  - The provider has had a previous denial for payment for the service from the particular insurance policy. However, the provider should be aware that the service should be billed if the insurance policy changes. Proof of denials must be maintained in the patient's billing record. Prior claims denied due to deductibles not being met are not to be counted as denials for subsequent billings.

- In very limited situations the Local Department of Social Services (LDSS) has advised the provider to zero-fill the Other Insurance payment for the same type of service. This communication should be documented in the client's billing record.

- The provider bills the insurance company and receives a rejection because:
  - The service is not covered; or
  - The deductible has not been met.

- The provider cannot directly bill the insurance carrier and the policyholder is either unavailable or uncooperative in submitting claims to the insurance company. In these cases the LDSS must be notified prior to zero-filling. The LDSS has subrogation rights enabling it to complete claim forms on behalf of uncooperative policyholders who do not pay the provider for the services. The LDSS can direct the insurance company to pay the provider directly for the service whether or not the provider participates with the insurance plan. The provider should contact the third-party worker in the LDSS whenever he/she encounters policyholders who are uncooperative in paying for covered services received by their dependents who are on Medicaid. In other cases providers will be instructed to zero-fill the Other Insurance payment in the Medicaid claim and the LDSS will retroactively pursue the third-party resource.
- The patient or an absent parent collects the insurance benefits and fails to submit payment to the provider. The LDSS must be notified so that sanctions and/or legal action can be brought against the patient or absent parent.
- The provider is instructed to zero-fill by the LDSS for circumstances not listed above.

The example in Exhibit 2.4.2-8 illustrates a correct Other Insurance Payment entry.

Medicaid Covered Days – Value Code 80

Value Code

Code 80 should be used to indicate the total number of days that are covered by Medicaid. If only co-insurance days are claimed, do not report code 80.

Value Amount

Enter the actual amount of days covered by Medicaid. The sum of Medicaid Full covered days, Medicaid non-covered days and Medicare co-insurance days must correspond to the Statement Covers Period in Form Locator 6 and should not reflect the day of discharge. The Covered Days must be entered to the left of the dollars/cents delimiter.

Rev. Cd. [Revenue Code] (Form Locator 42)

Revenue Codes identify specific accommodations, ancillary services, or billing calculations. NYS Medicaid uses Revenue Codes to identify Total Charges.

Use Revenue Code ***0001*** to indicate that total charges are entered in Form Locator 47.

Serv. Units (Form Locator 46)

Leave this field blank.

Total Charges (Form Locator 47)

Enter the total amount charged for the service(s) rendered. This is computed by multiplying the total number of full days times the per diem rate. The charged amount must be entered on the line corresponding to Revenue Code ***0001*** and both sections of the field (dollars and cents) must be completed; if the charges contain no cents, enter 00 in the cents box.

Payer Name (Form Locator 50 A, B, C)

This field identifies the payer(s) responsible for the claim payment. The field lines (A, B, and C) are devised to indicate primary (A), secondary (B), and tertiary (C) responsibility for claim payment.

For NYS Medicaid billing, payers are classified into three main categories: Medicare, Commercial (any insurance other than Medicare), and Medicaid. ***Medicaid is always the payer of last resort.*** Complete this field in accordance with the following instructions.

Direct Medicaid Claim - No Third Party Involved

If Medicaid is the only payer, enter the word Medicaid on line A of this field. Leave lines B and C blank.

Medicaid/Third Party (Other than Medicare) Claim

If the patient has Medicare coverage:

- Enter the name of the ***Other Insurance Carrier*** on line A of this field.
- Enter the word ***Medicaid*** on line B of this field.
- Leave line C blank.

NPI (Form Locator 56)

Enter the provider's 10-digit National Provider Identifier (NPI).

Other Prv ID [Other Provider ID] (Form Locator 57)

Leave this field blank.

Insured's Unique ID (Form Locator 60)

Enter the patient's ID number (Client ID number). This information may be obtained from the Client's (Patient's) Common Benefit ID Card. Medicaid Client ID numbers are assigned by the State of New York and are composed of eight characters in the format AANNNNNA, where A = alpha character and N = numeric character. For example: AB12345C

The Medicaid Client ID should be entered on the same line (A, B, or C) that matches the line assigned to Medicaid in Form Locators 50 and 57. If the patient's Medicaid Client ID number is entered on lines B or C, the lines above the Medicaid ID number must contain either the patient's ID for the other payer(s) or the word ***NONE***.

Treatment Authorization Codes (Form Locator 63)

Leave all fields blank.

Document Control Number (Form Locators 64 A, B, C)

Leave this field blank when submitting an original claim or a resubmission of a denied claim.

If submitting an ***Adjustment (Replacement) or a Void*** to a previously paid claim, this field must be used to enter the ***Transaction Control Number (TCN)*** assigned to the claim to be adjusted or voided. The TCN is the claim identifier and is listed in the Remittance Advice. If a TCN is entered in this field, the third position of Form Locator 4, Type of Bill, must be 7 or 8.

The TCN must be entered in the line (A, B, or C) that matches the line assigned to Medicaid in Form Locators 50 and 57. If the TCN is entered in lines B or C, the word ***NONE*** must be written on the line(s) ***above*** the TCN line.

Adjustments

An adjustment is submitted to correct one or more fields of a previously paid claim. Any field, except the ***Provider ID number*** or the ***Patient's Medicaid ID number***, can be adjusted. The adjustment must be submitted in a new claim form (copy of the original form is unacceptable) and all applicable fields must be completed.

An adjustment is identified by the value ***7*** in the ***third position of Form Locator 4***, Type of Bill, and the claim to be adjusted is identified by the TCN entered in this field (Form Locator 64).

Adjustments cause the correction of the adjusted information in the claim history records as well as the cancellation of the original claim payment and the re-pricing of the claim based on the adjusted information.

Voids

A void is submitted to nullify a paid claim. The void must be submitted in a new claim form (copy of the original form is unacceptable) and all applicable fields must be completed. A void is identified by the value ***8*** in the ***third position of Form Locator 4***, Type of Bill, and the claim to be voided is identified by the TCN entered in this field (Form Locator 64).

Voids cause the cancellation of the original claim history records and payment.

Untitled [Principal Diagnosis Code] (Form Locator 67)

Using the *International Classification of Diseases, Ninth Edition, Clinical Modification* (ICD-9-CM) coding system, enter the appropriate code that describes the main condition or symptom of the patient. The ICD-9-CM code must be entered exactly as it is listed in the manual. See the example in exhibit 2.3.2-11. The remaining Form Locators labeled A – Q may be used to indicate secondary diagnosis information.

Exhibit 2.3.2-11

NOTE: Three-digit and four-digit diagnosis codes will be accepted only when the category has no subcategories.

Principal Procedure (Form Locator 74)

Leave this field blank.

Other (Form Locator 78)

NYS Medicaid uses this field to report the Referring/Destination/Previous Provider.

The National Provider ID (NPI) regulations do not allow the submission of a facility NPI as a referring provider. In those instances where the patient is transferred or moved to or from one facility to another facility (Hospital to Residential

Care or Residential Care to Hospital, etc.), the entry must be the NPI of the practitioner in the facility who made the determination that the patient should be placed in another facility.

For example: In the case of a patient moving to a hospital (hospital bed reservation), the practitioner who made the determination that the patient should be admitted to the hospital should be entered in this field as the referring provider. The provider number entered should be the NPI of the practitioner.

Completion of this field is required if an admission or a discharge occurred during the service period covered by this statement (Form Locator 6). If no admission or discharge occurred, leave this field blank.

For an Admission

Enter the NPI of the referring practitioner who determined that residential care was appropriate.

NOTE: If the patient is admitted from home, enter the NPI of the physician who last examined the patient and determined that ICF/DD nursing home care was appropriate. See instructions for entering an NPI below.

For a Discharge

Enter the NPI of the practitioner who made the discharge determination.

Instructions for entering an NPI

Enter the code ***"DN"*** in the unlabeled field between the words "OTHER" and "NPI" to indicate the 10-digit NPI of the provider is entered in the box labeled "NPI".

On the line below the ID numbers, enter the last name and first name of the provider. See the example in Exhibit 2.4.2-12.

3.5.2 Explanation of Claim Detail Columns

ClieNt Name/ID Number

This column indicates the last name of the patient (first line) and the Medicaid Client ID (second line). If an invalid Medicaid Client ID was entered in the claim form, the ID will be listed as it was submitted but no name will appear in this column.

TCN/Patient Account Number

The TCN (first line) is a unique identifier assigned to each claim that is processed.

If a Patient Account Number was entered in the claim form, that number (up to 20 characters) will appear under this column (second line).

Service Dates – From/Through

The first date of service covered by the claim (From date) appears on the first line; the last date of service (Through date) appears on the second line.

Rate Code

The four-digit rate code that was entered in the claim form appears under this column.

Reported/Calculated Days

This column has two sub-columns: one is labeled ***F (full days)*** and the other is labeled ***C (co-insurance days)***.

The number of days within the reported first (FROM) service date and the last (THROUGH) service date appear in the first line under the F sub-column. The number of full days calculated by the system appears in the second line under the F sub-column.

The number of co-insurance days reported on the claim form appears under the C sub-column. There are no calculated co-insurance days.

Patient Participation – Reported/Deducted

This column shows the patient participation amount (NAMI) as it was reported (first line) and as it was deducted (second line). If no patient participation is applicable, this column will show 0.00 amount.

Other Insurance

If applicable, the amount paid by the patient's Other Insurance carrier, as reported on the claim form, is shown under this column. If no Other Insurance payment is applicable, this column will show 0.00 amount.

Amount Charged/Amount Paid

The total charges entered in the claim form appear first under this column. If the claim was approved, the amount paid appears underneath the charges. If the claim has a pend or deny status, the amount paid will be zero (0.00).

Status

This column indicates the status (DENY, PAID/ADJT/VOID, PEND) of the claim line.

Denied Claims

Claims for which payment is denied will be identified by the ***DENY*** status. A claim may be denied for the following general reasons:

- The service rendered is not covered by the New York State Medicaid Program.
- The claim is a duplicate of a prior paid claim.
- The required Prior Approval has not been obtained.
- Information entered in the claim form is invalid or logically inconsistent.

Approved Claims

Approved claims will be identified by the statuses ***PAID, ADJT*** (adjustment), or ***VOID***.

Paid Claims

The status PAID refers to ***original*** claims that have been approved.

Adjustments

The status ***ADJT*** refers to a claim submitted in replacement of a paid claim with the purpose of changing one or more fields. An adjustment has two components: the credit transaction (previously paid claim), and the debit transaction (adjusted claim).

Voids

The status ***VOID*** refers to a claim submitted with the purpose of canceling a previously paid claim. A void lists the credit transaction (previously paid claim) only.

Pending Claims

Claims that require further review or recycling will be identified by the ***PEND*** status. The following are examples of circumstances that commonly cause claims to be pended:

- New York State Medical Review required.
- Procedure requires manual pricing.
- No match found in the Medicaid files for certain information submitted on the claim, for example: Patient ID, Prior Approval, Service Authorization. These claims are recycled for a period of time during which the Medicaid files may be updated to match the information on the claim.

After manual review is completed, a match is found in the Medicaid files or the recycling time expires, pended claims may be approved for payment or denied.

A new pend is signified by two asterisks (**). A previously pended claim is signified by one asterisk (*).

Errors

For claims with a DENY or PEND status, this column indicates the NYS Medicaid edit (error) numeric code(s) that caused the claim to deny or pend. Some edit codes may also be indicated for a PAID claim. These are approved edits, which identify certain errors found in the claim and that do not prevent the claim from being approved. Up to twenty-five (25) edit codes, including approved edits, may be listed for each claim. Edit code definitions will be listed on a separate page of the remittance advice, at the end of the claim detail section.

3.5.3 Subtotals/Totals/Grand Totals

Subtotals of dollar amounts and number of claims are provided as follows:

Subtotals by claim ***status*** appear at the end of the claim listing for each status. The subtotals are broken down by:

- Original claims
- Adjustments
- Voids
- Adjustments/voids combined

Totals by ***service classification and by member ID*** are provided next to the subtotals for service classification/locator code. These totals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (for the specific service classification)

Grand Totals for the entire provider remittance advice, which include all the provider's service classifications, appear on a separate page following the page containing the ***totals by service classification***. The grand total is broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (entire remittance)

3.6 Section Four – Financial Transactions and Accounts Receivable

This section has two subsections:

- Financial Transactions
- Accounts Receivable

3.6.1 Financial Transactions
