Section I – Purpose Statement

The purpose of this document is to assist the provider community in understanding and complying with the New York State Medicaid (NYS Medicaid) requirements and expectations for:

- Billing and submitting claims.
- Interpreting and using the information returned in the Medicaid Remittance Advice.

This document is customized for Midwives and should be used by the provider as an instructional as well as a reference tool.

Section II – Claims Submission

Midwives can submit their claims to NYS Medicaid in electronic or paper formats.

Electronic Claims

Pursuant to the Health Insurance Portability and Accountability Act (HIPAA), Public Law 104-191, which was signed into law August 12, 1996, the NYS Medicaid Program adopted the HIPAA-compliant transactions as the sole acceptable format for electronic claim submission, effective November 2003.

Midwives who choose to submit their Medicaid claims electronically are required to use the HIPAA 837 Professional (837P) transaction. In addition to this document, direct billers may also refer to the sources listed below to comply with the NYS Medicaid requirements.

- HIPAA 837P Implementation Guide (IG) explains the proper use of the 837P standards and program specifications. This document is available at www.wpc-edi.com/hipaa.
- NYS Medicaid 837P Companion Guide (CG) is a subset of the IG, which provides specific instructions on the NYS Medicaid requirements for the 837P transaction.
- NYS Medicaid Technical Supplementary Companion Guide provides technical information needed to successfully transmit and receive electronic data. Some of the topics put forth in this CG are testing requirements, error report information, and communication specifications.

These documents are available at www.emedny.org by clicking on the link to the web page below:

Pre-requirements for the Submission of Electronic Claims

Before being able to start submitting electronic claims to NYS Medicaid, providers need the following:

- An Electronic/Paper Transmitter Identification Number (ETIN)
- A Certification Statement
- A User ID and password
- A Trading Partner Agreement
- Testing

ETIN

This is a submitter identifier issued by the eMedNY Contractor that **must** be used in every electronic submission to NYS Medicaid. ETINs may be issued to an individual provider or provider group (if they are direct billers) and to service bureaus or clearinghouses.

The ETIN application is available at www.emedny.org by clicking on the link to the web page below:

Provider Enrollment Forms

Certification Statement

All providers, either direct billers or those who bill through a service bureau or clearinghouse, must file a notarized Certification Statement with NYS Medicaid for each ETIN used for the electronic billing.

The Certification Statement is good for one year, after which it needs to be renewed for electronic billing continuity under a specific ETIN. Failure to renew the Certification Statement for a specific ETIN will result in claim rejection.

The Certification Statement is available on the third page of the ETIN application at www.emedny.org or can be accessed by clicking on the link above

User ID and Password

Electronic submitters need a user ID and password to access the NYS Medicaid eMedNY system through one of the communication methods available. The user ID and password are issued to the submitter at the time of enrollment in one of the communication methods. The method used to apply for a User ID varies depending on the communication method chosen by the provider. For example: An ePACES User ID is assigned systematically via email while an FTP User ID is assigned after the submission of a Security Packet B.

Trading Partner Agreement

This document addresses certain requirements applicable to the electronic exchange of information and data associated with health care transactions.

The NYS Medicaid Trading Partner Agreement is available at www.emedny.org by clicking on the link to the web page below:

Provider Enrollment Forms

Testing

Direct billers (either individual providers or service bureaus/clearinghouses that bill for multiple providers) are encouraged to submit production tests to CSC before they start submitting Medicaid claims for the first time after enrollment or any time they update their systems or start using a new system. This testing will assist providers in identifying errors in their system and allow for corrections before they submit actual claims.

Information and instructions regarding testing are available at www.emedny.org by clicking on the link to the web page below:

Communication Methods

The following communication methods are available for submission of electronic claims to NYS Medicaid:

- ePACES
- eMedNY eXchange
- FTP
- CPU to CPU
- eMedNY Gateway

ePACES

NYS Medicaid provides a HIPAA-compliant web-based application that is customized for specific transactions, including the 837I. ePACES, which is provided free of charge, is ideal for providers with small-to-medium claim volume.

The requirements for using ePACES include:

- An ETIN and Certification Statement should be obtained prior to enrollment
- Internet Explorer 4.01 and above or Netscape 4.7 and above
- Internet browser that supports 128-bit encryption and cookies
- Minimum connection speed of 56K
- An accessible email address

The following transactions can be submitted via ePACES:

- 270/271 Eligibility Benefit Inquiry and Response
- 276/277 Claim Status Request and Response
- 278 Prior Approval/Prior Authorization/Service Authorization Request and Response
- 837 Dental, Professional, and Institutional Claims

ePACES also features the **real time claim submission** functionality under the 837 Professional transaction, which allows immediate adjudication of the claim. When this functionality is used, a claim adjudication status response is sent to the submitter shortly after submission.

To take advantage of ePACES, providers need to follow an enrollment process. Additional enrollment information is available at www.emedny.org by clicking on the link to the web page below:

Self Help

eMedNY eXchange

The eMedNY eXchange works like email; users are assigned an inbox and they are able to send and receive transaction files in an email-like fashion. Transaction files are attached and sent to eMedNY for processing and the responses are delivered to the user's inbox so they can be detached and saved on the user's computer. For security reasons, the eMedNY eXchange is accessible only through the eMedNY website www.emedny.org.

The eMedNY eXchange only accepts HIPAA-compliant transactions.

Access to the eMedNY eXchange is obtained through an enrollment process. To enroll in eXchange, you must first complete enrollment in ePACES and at least one login attempt must be successful.

FTP

File Transfer Protocol (FTP) is the standard process for batch authorization transmissions. FTP allows users to transfer files from their computer to another computer. FTP is strictly a dial-up connection.

FTP access is obtained through an enrollment process. To obtain a user name and password, you must complete and return a Security Packet B. The Security Packet B can be found at www.emedny.org or can be accessed by clicking on the link to the web page below:

Provider Enrollment Forms

CPU to CPU

This method consists of a direct connection established between the submitter and the processor, and it is most suitable for high volume submitters. For additional information regarding this access method, contact the eMedNY Call Center at 800-343-9000.

eMedNY Gateway

This is a dial-up access method. It requires the use of the User ID assigned at the time of enrollment and a password. eMedNY Gateway access is obtained through an enrollment process. To obtain a user name and password you must complete and return a Security Packet B. The Security Packet B can be found at www.emedny.org or can be accessed by clicking on the link to the web page below:

Provider Enrollment Forms

Note: For questions regarding ePACES, eXchange, FTP, CPU to CPU or eMedNY Gateway connections, call the eMedNY Call Center at 800-343-9000.

Paper Claims

Midwives who choose to submit their claims on paper forms must use the New York State eMedNY-150001 claim form. To view the eMedNY-150001 claim form, please click on the link provided below. The displayed claim form is a sample and the information it contains is for illustration purposes only.

General Instructions for Completing Paper Claims

Since the information entered on the claim form is captured via an automated data collection process (imaging), it is imperative that it be legible and placed appropriately in the required fields. The following guidelines will help ensure the accuracy of the imaging output.

- All information should be typed or printed.
- Alpha characters (letters) should be capitalized.
- Numbers should be written as close to the example below as possible:

1 2 3 4 5 6 7 8 9 0

- Circles (the letter O, the number 0) must be closed.
- Avoid unfinished characters. For example:

Written As	Intended As	Interpreted As
6. υ 0	6.00	$6. \ \ 6 \ \ 0 \longrightarrow Zero interpreted as six$

 When typing or printing, stay within the box provided; ensure that no characters (letters or numbers) touch the claim form lines. For example:

Written As	Intended As	Interpreted As	
2	2	7 — Two interpreted as sev	/en
2	3	2 — Three interpreted as to	WO

Characters should not touch each other. For Example:

Written As	Intended As	Interpreted As	
2	23	illegible →	Entry cannot be interpreted properly

- Do not write in between lines.
- Do not use arrows or quotation marks to duplicate information.
- Do not use the dollar sign (\$) to indicate dollar amounts; do not use commas to separate thousands. For example, three thousand should be entered as 3000, not as 3,000.
- For writing, it is best to use a felt tip pen with a fine point. Avoid ballpoint pens that skip; do not use pencils, highlighters, or markers. Only blue or black ink is acceptable.
- If filling in information through a computer, ensure that all information is aligned properly, and that the printer ink is dark enough to provide clear legibility.
- Do not submit claim forms with corrections, such as information written over correction fluid or crossed out information. If mistakes are made, a new form should be used.
- Separate forms using perforations; do not cut the edges.
- Do not fold the claim forms.
- Do not use adhesive labels (for example for address); do not place stickers on the form.
- Do not write or use staples on the bar-code area.

The address for submitting claim forms is:

COMPUTER SCIENCES CORPORATION P.O. Box 4601 Rensselaer, NY 12144-4601

General Information About the eMedNY-150001

Shaded fields are not required to be completed **unless noted otherwise**. Therefore, shaded fields that are not required to be completed in any circumstance are not listed in the instructions that follow.

Most claim form fields have been sized to contain the exact number of characters for the required information. However, some fields have been sized to accommodate potential future changes. For example, the Provider ID number has more spaces than the current number of characters for the required information. In this case, the entry must be **right justified (unless otherwise noted in the field instructions)**, that is, the extra spaces must be left blank at the left side of the box.

For example, Provider ID number 02345678 should be entered as follows:

Billing Instructions for Midwife Services

This subsection of the Billing Guidelines covers the specific NYS Medicaid billing requirements for Midwives. Although the instructions that follow are based on the eMedNY-150001 paper claim form, they are also intended as a guideline for electronic billers who should refer to these instructions for finding out what information they need to provide in their claims, what codes they need to use, etc.

It is important that providers adhere to the instructions outlined below. Claims that do not conform to the eMedNY requirements as described throughout this document may be rejected, pended, or denied.

Field by Field Instructions for Claim Form eMedNY-150001

Header Section: Fields 1 through 23B

The information entered in the Header Section of the claim form (fields 1 through 23B) must apply to all claim lines entered in the Encounter Section of the form.

The following two fields (unnumbered) should only be used to adjust or void a paid claim. Do not write in these fields when preparing an original claim form.

ADJUSTMENT/VOID CODE (Upper right corner of form)

Leave this field blank when submitting an original claim or resubmission of a denied claim.

- If submitting an **adjustment** (replacement) to a previously paid claim, enter 'X' or the value **7** in the 'A' box.
- If submitting a void to a previously paid claim, enter 'X' or the value 8 in the 'V' box.

ORIGINAL CLAIM REFERENCE NUMBER (Upper right corner of the form)

Leave this field blank when submitting an original claim or resubmission of a denied claim.

If submitting an adjustment or a void, enter the appropriate **Transaction Control Number (TCN)** in this field. A TCN is a 16-digit identifier that is assigned to each claim document or electronic record regardless of the number of individual claim lines (service date/procedure combinations) submitted in the document or record. For example, a document/record containing a single service date/procedure combination will be assigned a unique, single TCN; a document/record containing five service date/procedure combinations will be assigned a unique, single TCN, which will be shared by all the individual claim lines submitted under that document/record.

Adjustment

An adjustment may be submitted to accomplish any of the following purposes:

- To change information contained in one or more claims submitted on a previously paid TCN
- To cancel one or more claim lines submitted on a previously paid TCN (except if the TCN contained one single claim line or if all the claim lines contained in the TCN are to be voided)

Adjustment to Change Information

If an adjustment is submitted to correct information on one or more claim lines sharing the same TCN, follow the instructions below:

- The Provider ID number, the Group ID number, and the Patient's Medicaid ID number must not be adjusted.
- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines originally submitted in the same document/record (all claim lines with the same TCN) and all applicable fields must be completed with the necessary changes.

The adjustment will cause the correction of the adjusted information in the TCN history records as well as the cancellation of the original TCN payment and the re-pricing of the TCN based on the adjusted information.

Example:

TCN 0709819876543200 is shared by three individual claim lines. This TCN was paid on April 18, 2007. After receiving payment, the provider determines that the service date of one of the claim line records is incorrect. An adjustment must be submitted to correct the records. Refer to Figures 1A and 1B for an illustration of this example.

Adjustment to Cancel One or More Claims Originally Submitted on the Same Document/Record (TCN)

An adjustment should be submitted to cancel or void one or more individual claim lines that were originally submitted on the same document/record and share the same TCN. The following instructions must be followed:

- The adjustment must be submitted in a new claim form (copy of the original form is unacceptable).
- The adjustment must contain all claim lines submitted in the original document (all claim lines with the same TCN) except for the claim(s) line(s) to be voided; these claim lines must be omitted in the adjustment. All applicable fields must be completed.

The adjustment will cause the cancellation of the omitted individual claim lines from the TCN history records as well as the cancellation of the original TCN payment and the repricing of the new TCN (Adjustment) based on the adjusted information.

Example:

TCN 0709818765432100 contained three individual claim lines, which were paid on April 18, 2007. Later it was determined that one of the claims was incorrectly billed since the service was never rendered. The claim line for that service must be cancelled to reimburse Medicaid for the overpayment. An adjustment should be submitted. Refer to Figures 2A and 2B for an illustration of this example.

Midwife Billing Guidelines

Void

A void is submitted to nullify **all** individual claim lines originally submitted on the same document/record and sharing the same TCN.

When submitting a void, please follow the instructions below:

- The void must be submitted on a new claim form (copy of the original form is unacceptable).
- The void must contain all the claim lines to be cancelled and all applicable fields must be completed.

Voids cause the cancellation of the original TCN history records and payment.

Example:

TCN 0709811234567800 contained two claim lines, which were paid on April 18, 2007. Later, the provider became aware that the patient had another insurance coverage. The other insurance was billed and the provider was paid in full for all the services. Medicaid must be reimbursed by submitting a void for the two claim lines paid in the specific TCN. Refer to Figures 3A and 3B for an illustration of this example.

PAYMENT SOURCE CODE [Box M and Box O] (Field 23B)

This field has two components: Box M and Box O. Both boxes need to be filled as follows:

Box M

The values entered in this box define the nature of the amounts entered in fields 24J and 24K. Box M is used to indicate whether the patient is covered by Medicare and whether Medicare approved or denied payment. Enter the appropriate numeric indicator from the following list.

- No Medicare involvement Source Code Indicator = 1
 This code indicates that the patient does not have Medicare coverage.
- Patient has Medicare Part B; Medicare paid for the service Source Code Indicator = 2

This code indicates that the service is covered by Medicare and that Medicare approved the service and made a payment. Medicaid is responsible for reimbursing the Medicare deductible and/or (full or partial) coinsurance.

 Patient has Medicare Part B; Medicare denied payment – Source Code Indicator = 3

This code indicates that Medicare denied payment or did not cover the service billed.

Box O

Box O is used to indicate whether the patient has insurance coverage other than Medicare or Medicaid or whether the patient is responsible for a pre-determined amount of his/her medical expenses. The values entered in this box define the nature of the amount entered in field 24L. Enter the appropriate indicator from the following list.

- No Other Insurance involvement Source Code Indicator = 1
 This code indicates that the patient does not have other insurance coverage.
- Patient has Other Insurance coverage Source Code Indicator = 2 This code indicates that the patient has other insurance regardless of the fact that the insurance carrier(s) paid or denied payment or that the service was covered or not by the other insurance. When the value 2 is entered in Box O, the twocharacter code that identifies the other insurance carrier must be entered in the space following Box O. If more than one insurance carrier is involved, enter the code of the insurance carrier who paid the largest amount. For the appropriate Other Insurance codes, refer to Information for All Providers, Third Party Information on the web page for this manual.
- Patient Participation Source Code Indicator = 3
 This code indicates that the patient has incurred a pre-determined amount of medical expenses, which qualify him/her to become eligible for Medicaid.

DATE OF SERVICE (Field 24A)

Enter the date on which the service was rendered in the format MM/DD/YY.

Example: April 1, 2007 = 04/01/07

Note: A service date must be entered for each procedure code listed.

PLACE [of Service] (Field 24B)

This two-digit code indicates the type of location where the service was rendered. Please note that place of service code is different from locator code. Select the appropriate codes from Appendix A-Code Sets.

Note: If code 99 (Other Unlisted Facility) is entered in this field for any claim line, the exact address where the procedure was performed must be entered in Fields 21 and 21A.

PROCEDURE CODE (Field 24C)

This code identifies the type of service that was rendered to the patient. Enter the appropriate five-character Procedure Code.

Note: Procedure codes, definitions, prior approval requirements (if applicable), fees, etc. are available at www.emedny.org by clicking on the link below under Procedure Codes and Fee Schedule.

Midwife Manual

MOD [Modifier] (Fields 24D, 24E, 24F and 24G)

Under certain circumstances, the procedure code must be expanded by a two-digit modifier to further explain or define the nature of the procedure. If the Procedure Code requires the addition of modifiers, enter one or more (up to four) modifiers in these fields.

Special Instructions for Claiming Medicare Deductible

When billing for the Medicare **deductible**, modifier "**U2**" must be used in conjunction with the Procedure Code for which the deductible is applicable. **Do not enter** the "**U2**" modifier if billing for Medicare coinsurance.

Midwife Manual

DIAGNOSIS CODE (Field 24H)

Using the International Classification of Diseases, Ninth Edition, Clinical Modification (ICD-9-CM) coding system, enter the appropriate code which describes the main condition or symptom of the patient. The ICD-9-CM code must be entered exactly as it is listed in the manual in the correct spaces of this field and in relation to the decimal point.

Note: A three-digit Diagnosis Code (no entry following the decimal point) will only be accepted when the Diagnosis Code has no subcategories. Diagnosis Codes with subcategories MUST be entered with the subcategories indicated after the decimal point.

The following is an example of an ICD-9-CM Diagnosis Code properly entered in Field 24H:

DAYS OR UNITS (Field 24I)

If a procedure was performed more than one time on the same date of service, enter the number of times in this field. If the procedure was performed only one time, this field may be left blank.

The entries in field 23B, Payment Source Code, determine the entries in Fields 24J, 24K and 24L.

CHARGES (Field 24J)

This field must contain either the Amount Charged **or** the Medicare Approved amount.

Amount Charged

When Box M in field 23B has an entry value of **1** or **3**, enter the amount charged in this field. The Amount Charged may not exceed the provider's customary charge for the procedure.

Medicare Approved Amount

When Box M in field 23B has an entry value of **2**, enter the Medicare Approved Amount in field 24J. The Medicare Approved amount is determined as follows:

- If billing for the Medicare deductible, the Medicare Approved amount should equal
 the Deductible amount claimed, which must not exceed the established amount for
 the year in which the service was rendered.
- If billing for the Medicare coinsurance, the Medicare Approved amount should equal the sum of: the amount paid by Medicare plus the Medicare coinsurance amount plus the Medicare deductible amount, if any.

Notes:

- Field 24J must never be left blank or contain 0.00. If the Medicare Approved amount from the EOMB equals zero, then Medicaid should not be billed.
- It is the responsibility of the provider to determine whether Medicare covers the service being billed. If the service is covered or if the provider does not know if the service is covered, the provider must first submit a claim to Medicare, as Medicaid is always the payer of last resort.

UNLABELED (Field 24K)

This field is used to indicate the Medicare Paid Amount and must be completed if Box M in field 23B has an entry value of **2** or **3**.

The value in Box M is 2

- When billing for the **Medicare deductible**, enter 0.00 in this field.
- When billing for the **Medicare coinsurance**, enter the Medicare Paid amount as the sum of the actual Medicare paid amount and the Medicare deductible, if any.

The value in Box M is 3

• When Box M in field 23B contains the value **3**, enter 0.00 in this field to indicate that Medicare denied payment or did not cover the service.

If none of the above situations are applicable, leave this field blank.

UNLABELED (Field 24L)

This field must be completed when Box O in field 23B has an entry value of **2** or **3**.

- When Box O has an entry value of 2, enter the Other Insurance payment in this
 field. If more than one insurance carrier contributes to payment of the claim, add
 the payment amounts and enter the total amount paid by all other insurance
 carriers in this field.
- When Box O has an entry value of 3, enter the Patient Participation amount. If the
 patient is covered by other insurance and the insurance carrier(s) paid for the
 service, add the Other Insurance payment to the Patient Participation amount and
 enter the sum in this field.

If none of the above situations are applicable, leave this field blank.

Note: It is the responsibility of the provider to determine whether the patient's other insurance carrier covers the service being billed, as Medicaid is always the payer of last resort.

If the other insurance carrier denied payment enter 0.00 in field 24L. Proof of denial of payment must be maintained in the patient's billing record. Zeroes must also be entered in this field if any of the following situations apply:

- Prior to billing the insurance company, the provider knows that the service will not be covered because:
 - ► The provider has had a previous denial for payment for the service from the particular insurance policy. However, the provider should be aware that the service should be billed if the insurance policy changes. Proof of denials must be maintained in the patient's billing record. Prior claims denied due to deductibles not being met are not to be counted as denials for subsequent billings.
 - ▶ In very limited situations the Local Department of Social Services (LDSS) has advised the provider to zero-fill other insurance payment for same type of service. This communication should be documented in the patient's billing record.

- The provider bills the insurance company and receives a rejection because:
 - The service is not covered; or
 - ► The deductible has not been met.
- The provider cannot directly bill the insurance carrier and the policyholder is either unavailable to, or uncooperative in submitting claims to the insurance company. In these cases the LDSS must be notified prior to zero-filling. LDSS has subrogation rights enabling them to complete claim forms on behalf of uncooperative policyholders who do not pay the provider for the services. The LDSS office can direct the insurance company to pay the provider directly for the service whether or not the provider participates with the insurance plan. The provider should contact the third party worker in the local social services office whenever he/she encounters policyholders who are uncooperative in paying for covered services received by their dependents who are on Medicaid. In other cases the provider will be instructed to zero-fill the Other Insurance Payment in the Medicaid claim and the LDSS will retroactively pursue the third party resource.
- The patient or an absent parent collects the insurance benefits and fails to submit payment to the provider. The LDSS must be notified so that sanctions and/or legal action can be brought against the patient or absent parent.
- The provider is instructed to zero-fill by the LDSS for circumstances not listed above.

Fields 24M through 24O (INPATIENT HOSPITAL VISITS) may be used for block-billing CONSECUTIVE visits within the SAME MONTH/YEAR made to a patient in a hospital inpatient status.

INPATIENT HOSPITAL VISITS [From/Through Dates] (Field 24M)

In the FROM box, enter the date of the first hospital visit in the format MM/DD/YY. In the THROUGH box, enter the date of the last hospital visit in the format MM/DD/YY.

PROC CD [Procedure Code] (Field 24N)

- 99231 through 99233
- 99433

MOD [Modifier] (Field 240)

If the procedure code entered in 24N requires the addition of a modifier to further define the procedure, enter it in this field.

Note: The last row of Fields 24H, 24J, 24K, and 24L must be used to enter the appropriate information to complete the block billing of Inpatient Hospital Visits. For fields 24J, 24K and 24L enter the total Charges/Medicare Approved Amount, Medicare Paid Amount or Other Insurance Paid Amount that results from multiplying the amount for each individual visit times the number of days entered in field 24M.

Trailer Section: Fields 25 through 34

The information entered in the Trailer Section of the claim form (fields 25 through 34) must apply to all claim lines entered in the Encounter Section of the form.

The billing provider must sign the claim form. Rubber stamp signatures are not acceptable. Please note that the certification statement is on the back of the form.

PROVIDER IDENTIFICATION NUMBER (Field 25A)

Enter the Medicaid Provider ID number, which is the eight-digit identification number assigned to providers at the time of enrollment in the Medicaid program.

Note: Until NYS Medicaid is able to accept and process claims using the National Provider ID (NPI), providers must continue to report their assigned NYS Medicaid Provider ID number. Providers will be notified by NYS Medicaid when to begin reporting NPI information.

MEDICAID GROUP IDENTIFICATION NUMBER (Field 25B)

The Medicaid Group ID number is the eight-digit identification number assigned to the Group at the time of enrollment in the Medicaid program.

For a **Group Practice**, enter the Group ID number in this field. A claim should be submitted under the Group ID **only** if payment for the service(s) being claimed is to be made to the group. In such case, the Medicaid Provider ID number of the group member that rendered the service must be entered in field 25A.

For a **Shared Health Facility**, enter the 8-digit identification number assigned to the facility by the New York State Department of Health at the time of enrollment in the Medicaid program.

If the provider or the service(s) rendered is not associated with a Group Practice or a Shared Health Facility, leave this field blank.

Note: Until NYS Medicaid is able to accept and process claims using the National Provider ID (NPI), providers must continue to report their assigned NYS Medicaid Provider ID number. Providers will be notified by NYS Medicaid when to begin reporting NPI information.

LOCATOR CODE (Field 25C)

Locator codes are assigned to the provider for each service address registered at the time of enrollment in the Medicaid program or at anytime, afterwards, that a new location is added.

Locator codes 001 and 002 are for administrative use only and are not to be entered in this field. If the provider renders services at one location only, enter locator code 003. If the provider renders service to Medicaid patients at more than one location, the entry may be 003 or a higher locator code. Enter the locator code that corresponds to the address where the service was performed.

Note: The provider is reminded of the obligation to notify Medicaid of all service locations as well as changes to any of them. For information on where to direct locator code updates, please refer to Information for All Providers, Inquiry section on the web page for this manual.

SA EXCP CODE [Service Authorization Exception Code] (Field 25D)

DATE SIGNED (Field 25E)

Enter the date on which the Midwife signed the claim form. The date should be in the format MM/DD/YY.

Note: In accordance with New York State regulations, claims must be submitted within 90 days of the Date of Service unless acceptable circumstances for the delay can be documented. For information on where to direct address change requests, please refer to Information for All Providers, Inquiry section which can be found on the web page for this manual.

PATIENT'S ACCOUNT NUMBER (Field 32)

For record-keeping purposes, the provider may choose to identify a patient by using an office account. This field can accommodate up to 20 alphanumeric characters. If an office account number is indicated on the claim form, it will be returned on the Remittance Advice. Using an office account number can be helpful for locating accounts when there is a question on patient identification.

OTHER REFERRING/ORDERING PROVIDER ID/LICENSE NUMBER (Field 33)

Leave this field blank.

PROF CD [Profession Code - Other Referring/Ordering Provider] (Field 34)

Leave this field blank.

Section III - Remittance Advice

The purpose of this section is to familiarize the provider with the design and contents of the Remittance Advice.

eMedNY produces remittance advices on a weekly (processing cycle) basis. Weekly remittance advices contain the following information:

- A listing of all claims (identified by several pieces of information as submitted on the claim) that have entered the computerized processing system during the corresponding cycle.
- The **status** of each claim (deny/paid/pend) after processing.
- The eMedNY edits (errors) failed by pending or denied claims.
- Subtotals (by category, status, and member ID) and grand totals of claims and dollar amounts.
- Other **financial information** such as recoupments, negative balances, etc.

The remittance advice, in addition to showing a record of claim transactions, can assist providers in identifying and correcting billing errors and plays an important role in the communication between the provider and the eMedNY Contractor for resolving billing or processing issues.

Remittance advices are available in electronic and paper formats.

Electronic Remittance Advice

The electronic HIPAA 835 transaction (Remittance Advice) is available via the eMedNY eXchange or FTP. To request the electronic remittance advice (835) providers must complete the Electronic Remittance Request form, which is available at www.emedny.org by clicking on the link to the web page below:

Provider Enrollment Forms

For additional information, providers may also call the eMedNY Call Center at 800-343-9000.

The NYS Medicaid Companion Guides for the 835 transaction are available at www.emedny.org by clicking on the link to the web page below:

eMedNY Companion Guides and Sample Files

Providers who submit claims under multiple ETINs receive a separate 835 for each ETIN and a separate check for each 835. Also, any 835 transaction can contain a maximum of ten thousand (10,000) claim lines; any overflow will generate a separate 835 and a separate check.

Providers who choose to receive the 835 electronic remittance advice may elect to receive the status of paper claim submissions in the 835 format. The request must be submitted using the Electronic Remittance Request Form located at www.emedny.org. If this option is chosen, no paper remittance will be produced and the status of claims will appear on the electronic 835 remittance advice for the ETIN indicated on the request form. Retro-adjustment information is also sent in the 835 transaction format. Pending claims do not appear in the 835 transaction; they are listed in the Supplemental file, which will be sent along with the 835 transactions for any processing cycle that produce pends.

Paper Remittance Advice

Remittance advices are also available on paper. Providers who bill electronically but do not specifically request to receive the 835 transaction are sent paper remittance advices.

Remittance Sorts

The default sort for the paper remittance advice is: Claim Status (denied, paid, pending) – Patient ID – TCN

Providers can request other sort patterns that may better suit their accounting systems. The additional sorts available are as follows:

- TCN Claim Status Patient ID Date of Service
- Patient ID Claim Status TCN
- Date of Service Claim Status Patient ID

To request a sort pattern other than the default, providers **must** complete the Paper Remittance Sort Request form which is available at www.emedny.org by clicking on the link to the web page below:

Provider Enrollment Forms

For additional information, providers may also call the eMedNY Call Center at 800-343-9000.

Remittance Advice Format

The remittance advice is composed of five sections as described below.

- Section One may be one of the following:
 - Medicaid Check
 - Notice of Electronic Funds Transfer (EFT)
 - Summout (no claims paid)
- Section Two: Provider Notification (special messages)
- Section Three: Claim Detail
- Section Four:
 - ► Financial Transactions (recoupments)
 - ► Accounts Receivable (cumulative financial information)
- Section Five: Edit (Error) Description

Explanation of Remittance Advice Sections

The next pages present a sample of each section of the remittance advice for Midwives followed by an explanation of the elements contained in the section.

The information displayed in the remittance advice samples is for illustration purposes only.

The following information applies to a remittance advice with the default sort pattern.

Section One – Medicaid Check

For providers who have selected to be paid by check, a Medicaid check is issued when the provider has claims approved for the cycle and the approved amount is greater than the recoupments, if any, scheduled for the cycle. This section contains the check stub and the actual Medicaid check (payment).

Provider Service Classification: PRACTITIONER

* Provider ID/NPI Remittance number

Explanation of the Claim Detail Columns

LN. NO. (LINE NUMBER)

This column indicates the line number of each claim as it appears on the claim form.

OFFICE ACCOUNT NUMBER

If a Patient/Office Account Number was entered in the claim form, that number (up to 20 characters) will appear under this column.

CLIENT NAME

This column indicates the last name of the patient. If an invalid Medicaid Client ID was entered in the claim form, the ID will be listed as it was submitted but no name will appear under this column.

CLIENT ID NUMBER

The patient's Medicaid ID number appears under this column.

TCN

The TCN is a unique identifier assigned to each document (claim form) that is processed. If multiple claim lines are submitted on the same claim form, all the lines are assigned the same TCN.

DATE OF SERVICE

This column lists the service date as entered in the claim form.

PROCEDURE CODE

The five-digit procedure code that was entered in the claim form appears under this column.

UNITS

The total number of units of service for the specific claim appears under this column. The units are indicated with three (3) decimal positions. Since Midwives must only report whole units of service, the decimal positions will always be 000. For example: 3 units will be indicated as 3.000

CHARGED

This column lists either the amount the provider charged for the claim or the Medicare Approved amount if applicable.

PAID

If the claim is approved, the amount paid appears under this column. If the claim has a pend or deny status, the amount paid will be zero (0.00).

STATUS

This column indicates the status (DENY, PAID/ADJT/VOID, PEND) of the claim line.

Denied Claims

Claims for which payment is denied will be identified by the **DENY** status. A claim may be denied for the following general reasons:

- The service rendered is not covered by the New York State Medicaid Program.
- The claim is a duplicate of a prior paid claim.
- The required Prior Approval has not been obtained.
- Information entered in the claim form is invalid or logically inconsistent.

Approved Claims

Approved claims will be identified by the statuses **PAID**, **ADJT** (adjustment), or **VOID**.

Paid Claims

The status PAID refers to original claims that have been approved.

Adjustments

The status ADJT refers to a claim submitted in replacement of a paid claim with the purpose of changing one or more fields. An adjustment has two components: the credit transaction (previously paid claim) and the debit transaction (adjusted claim).

Voids

The status VOID refers to a claim submitted with the purpose of canceling a previously paid claim. A void lists the credit transaction (previously paid claim) only.

Pending Claims

Claims that require further review or recycling will be identified by the **PEND** status. The following are examples of circumstances that commonly cause claims to be pended:

- New York State Medical Review required.
- Procedure requires manual pricing.
- No match found in the Medicaid files for certain information submitted on the claim, for example: Client ID, Prior Approval, Service Authorization. These claims are recycled for a period of time during which the Medicaid files may be updated to match the information on the claim.

After manual review is completed, a match is found in the Medicaid files or the recycling time expires, pended claims may be approved for payment or denied.

A new pend is signified by two asterisks (**). A previously pended claim is signified by one asterisk (*).

ERRORS

For claims with a DENY or PEND status, this column indicates the NYS Medicaid edit (error) numeric code(s) that caused the claim to deny or pend. Some edit codes may also be indicated for a PAID claim. These are "approved" edits, which identify certain "errors" found in the claim, which do not prevent the claim from being approved. Up to twenty-five (25) edit codes, including approved edits, may be listed for each claim. Edit code definitions will be listed on the last page(s) of the remittance advice.

Subtotals/Totals

Subtotals of dollar amounts and number of claims are provided as follows:

Subtotals by claim **status** appear at the end of the claim listing for each status. The subtotals are broken down by:

- Original claims
- Adjustments
- Voids
- Adjustments/voids combined

Midwife Billing Guidelines

S SI

	tals by provider type are provided at the end of the claim detail listing. tals are broken down by:	These
•	Adjustments/voids (combined)	
•	Pends	

Denied

Paid

Net total paid (sum of approved adjustments/voids and paid original claims)

Totals by **member ID** are provided next to the subtotals for provider type. For individual practitioners these totals are exactly the same as the subtotals by provider type. For practitioner groups, this subtotal category refers to the specific member of the group who provided the services. These subtotals are broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (sum of approved adjustments/voids and paid original claims)

Grand Totals for the entire provider remittance advice appear on a separate page following the page containing the totals by provider type and member ID. The grand total is broken down by:

- Adjustments/voids (combined)
- Pends
- Paid
- Deny
- Net total paid (entire remittance)

Section Four

This section has two subsections:

- Financial Transactions
- Accounts Receivable

Financial Transactions

The Financial Transactions subsection lists all the recoupments that were applied to the provider during the specific cycle. If there is no recoupment activity, this subsection is not produced.

FISCAL TRANSACTION TYPE

This is the description of the Financial Reason Code. For example: Third Party Recovery.

DATE

The date on which the recoupment was applied. Since all the recoupments listed on this page pertain to the current cycle, all the recoupments will have the same date.

AMOUNT

The dollar amount corresponding to the particular fiscal transaction. This amount is deducted from the provider's total payment for the cycle.

Totals

The total dollar amount of the financial transactions (**Net Financial Transaction Amount**) and the total number of transactions (**Number of Financial Transactions**) appear below the last line of the transaction detail list.

The Net Financial Transaction Amount added to the Claim Detail-Grand Total must equal the Medicaid Check or EFT amounts.

Accounts Receivable

This subsection displays the original amount of each of the outstanding Financial Transactions and their current balance after the cycle recoupments were applied. If there are no outstanding negative balances, this section is not produced.

Appendix B – Sterilization Consent Form – DSS-3134

A Sterilization Consent Form, DSS-3134, must be completed for each sterilization procedure. **No other form can be used in place of the DSS-3134.** A supply of these forms, available in English and in Spanish [DSS-3134(S)], can be obtained from:

New York State Department of Health Corning Tower - Room 2029 Empire State Plaza Albany, New York 12237

Claims for sterilization procedures **must be submitted on paper**, and a copy of the completed and signed **Sterilization Consent Form**, DSS-3134 [or DSS-3134(S)] must be attached to the claim.

When completing the DSS-3134, please follow the guidelines below:

- Be certain that the form is completed so it can be read easily. An illegible or altered form is unacceptable (will cause a paper claim to deny). Also, the persons completing the form should check to see that all five copies are legible.
- Each required field or blank must be completed in order to ensure payment.
- If a woman is not currently Medicaid eligible at the time she signs the DSS-3134 [or 3134(S)] form but becomes eligible prior to the procedure and if she is 21 years of age when the form was signed, the 30 day waiting period starts from the date the DSS form was signed regardless of the date the woman becomes Medicaid eligible.

A sample Sterilization Consent Form and step-by-step instructions follow on the next pages.
