

Medicaid Fee- for- Service Providers
Dispense Brand Name Drug when Less Expensive than Generic Program

Effective 11/17/2016, the following changes will be made to the Dispense Brand Name Drug when Less Expensive than Generic Program:

- Benzaclin, Differin, Edecrin, Epzicom, Retin-A and Valcyte Solution will be added to the program.
Aldara, Depakote Sprinkle, Imitrex Kit, Mepron, Soriatane, and Trilipix will be removed from the program.

In conformance with State Education Law which intends that patients receive the lower cost alternative, brand name drugs included in this program:

- Do not require 'Dispense as Written' (DAW) or 'Brand Medically Necessary' on the prescription.
Have a generic copayment.
Are paid at the Brand Name Drug reimbursement rate or usual and customary price, whichever is lower (SMAC/FUL are not applied).
Do not require a new prescription if the drug is removed from this program.

IMPORTANT BILLING INFORMATION

Prescription claims submitted to the Medicaid program do not require the submission of Dispense as Written/Product Selection Code of '1'; Pharmacies can submit any valid NCPDP field (408-D8) value.
