

New York State Medicaid Office Based Surgery

- New York State requires the accreditation of certain practices in which physicians, physician assistants or special assistants (licensees) perform office based surgery under moderate sedation, deep sedation or general anesthesia.
- Complete this form if your office will be performing office based surgery procedures meeting the above criteria.
- Maximum of 40 characters per Street Address or Suite, Department lines. A character is a space, number, letter, or symbol.
- If you have questions regarding Office Based Surgery and how to become credentialed, please contact one of the three organizations below. If your inquiry is in regards to your approved OBS Certification and your Medicaid Enrollment file contact eMedNY at (800) 343-9000, or send an e-mail to providerenrollment@health.ny.gov.
